PROFESSIONAL SUMMARY

Computer Science Engineering student and aspiring Full Stack Developer with strong hands-on experience in frontend development. Skilled in HTML, CSS, JavaScript, and React.js, with experience building responsive and interactive web applications. Experienced in developing user interfaces, implementing client-side functionality, managing browser storage, and deploying web applications. Currently expanding full-stack development skills with a strong interest in building complete, scalable web applications.

SKILLS

Programming : Java, JavaScript

Frontend : HTML5, CSS3, React.js

Database : MySQL

Web Development : WordPress

AI Tools: Claude, Figma AI, Canva

WORK EXPERIENCE

Java Developer Intern — HUNAR (Dec 2024 – Feb 2025)

- Learned Java Fundamentals and Object-Oriented Programming (OOP) concepts through multiple projects.
- Developed Java applications using OOPs principles and best coding practices.

Full Stack Developer — MAVENLY (Jan 2024 – Feb 2025)

- Developed responsive web pages using HTML, CSS, JavaScript, and React.js.
- Built backend features using Node.js, Express.js, and MySQL/MongoDB and tested APIs.

PROJECTS

College Facility Booking System — [React.js, JavaScript, HTML, CSS, Local Storage]

- Developed a responsive web application for booking college halls and laboratories.
- Used Local Storage to store and manage booking data on the client side.

Expense Tracker — [React.js, JavaScript, HTML, CSS, Local Storage]

- Developed a responsive expense tracking application to manage daily financial records.
- Implemented CRUD operations (Create, Read, Update, Delete) for adding, viewing, editing, and deleting expense records.

EDUCATION

B.E Computer Science and Engineering

CGPA : 9.1

Nehru Institute of Engineering and Technology, Coimbatore.

CERTIFICATIONS

- Programming in Java - NPTEL
- React Basics - Meta
- OOP Concepts in Java - IBM
- Fundamentals of UI/UX - Microsoft
